

Aquatec Oxygen O₂ Generator

Aquatec Solutions A/S Oxygen generators are manufactured by Danish sub-suppliers with more than 20 years of experience and a record of more than 150 sets of generators for a wide range of applications. Aquatec Solutions use KAESER compressors in the design due to the world wide service net and extremely high quality. Our generator sets are developed toward the need for fish farmers.

Facts

- Simple and reliable construction
- Low maintenance cost
- Flexible installation
- Well proven and tested technology
- Design with build in security

Benefit

- Low oxygen cost per kg fish production
- Easy after installation with upgrades
- Prepared for online monitoring & control
- High "Kg O₂ / kW" efficiency
